Notice

Wichita, Kan., Sept. 27, 1900.
Sealed propositions will be received at
this office until 12 o'clock noon, October 1,
1900, for the construction of a telephone
system for the city of Wichita. The
franchise which the city will grant can
be seen at the office of the city clerk
and said franchise will be granted to the
person, persons, company or corporation
giving to patrons and the city the most
liberal terms.

All bids must be accompanied by a cer-
tified check for \$500 payable to the city
of Wichita, as a guarantee of good faith.
Successful bidder will be required to
deposit \$5000 cash for the work he will
faithfully perform all conditions of fran-
chise.

The mayor and council reserve the
right to reject any or all bids.

AMOS MCCLAIN, City Clerk.

Notice to Property Owners.

Official

Wichita, Kan., Sept. 27, 1900.
Notice is hereby given to property own-
ers that the city council has ordered
the following water contracts:
A five-foot cinder walk on the south
side of Riverside from the east side of
Wiley avenue to the west side of Buf-
fum avenue, abutting lots Nos. 21 to 23,
inclusive, Riverside avenue, Riverside
avenue.

A five-foot cinder walk on the east side
of Franklin avenue from the west side
of Wiley avenue to the west side of Buf-
fum avenue, abutting lots Nos. 21 to 23,
inclusive, Riverside avenue, Riverside
avenue, 6 and 8 Gilman avenue, 6 and 8
Ruffum avenue, all in Riverside addition.

Unless said walks are constructed
within thirty days from September 26,
1900, the city of Wichita will construct
same, and the cost, together with 5 per
cent penalty, will be charged to said prop-
erty owners.
AMOS MCCLAIN, City Clerk.

STRIKE ON ONE SIDE

But Steel Companies Resum-
ing, on the Other.

RECOVERY WILL BE QUICK

Weather Conditions Good and
the Farmer in Fine Shape.

New York, Sept. 28.—R. G. Dun & Co.'s
weekly review of trade tomorrow will say:
"Not Wall street alone, but the entire
business world as well, watched the pro-
gress of efforts to bring about a settle-
ment of the anthracite coal strike, with
active interest. This week the paralysis
of the anthracite industry was more com-
plete than last, and the effect was seen
upon the distribution of merchandise in
the east and the placing of new orders
with the manufacturers. Coal advanced
25c above last week and the larger com-
panies refused to name a selling price.
The strike involved about 150,000
miners, and hundreds of trainmen, but
the working force has increased largely
through the settlement between the
Amalgamated Association and several
steel companies, whose works, employ-
ing 20,000 men, have been idle, while only
100 men were affected by the shut-down
of the Susquehanna Iron and Steel com-
pany by the strike. In the east the con-
ditions seem favorable for a quick re-
covery, with the coal strike over, while
in the west there has been no noteworthy
reduction in the distribution of any class
of goods. Weather conditions have been
favorable for late crops, and farm work
is progressing rapidly, except for some
damage to grain in the shock in the
northwest.

Aside from the expected reduction to
35c for steel rails and a sale of Bessemer
pig at Pittsburgh at \$12.75, the whole list
of iron and steel products is unchanged.
The feeling grows stronger that the bot-
tom has been reached. Taking the eleven
articles quoted in our price tables, it
will be seen that after an advance of
over 50 per cent in 1900, prices have de-
clined only about 25 per cent this year
and there is already a tendency toward a
higher level. One company is considering
the purchase of 20,000 tons foundry
iron and an export order for 600 tons of
rails has been placed. More coke ovens
are in operation but the price is un-
changed.

Wheat again rose to 82 cents but failed
to maintain the advance. Corn for
prompt delivery went up and advanced
20 cents above the price at this date
last year, or over 50 per cent. This natu-
rally disposed of foreign buyers, and ex-
ports for the week were only 1,500,000
bushels, while for four weeks \$3,724,246
bushels went out at Atlantic ports, against
12,155,994 bushels a year ago.
What shipments for the eastern coast
were 2,271,712 bushels, four included,
against 3,322,226 bushels last year. In the
cereals, as with cotton, outsiders do not
purchase freely at the current level of
prices.

Sales of wool amount to about one-
quarter of last year's, and 100 grades
quoted in the Philadelphia market show
a decline of about half a cent.
Failures for the week were 29 in the
United States against 157 last year, and
18 in Canada against 21 last year.

The progressive nations of the world
are the great food consuming nations.
Good food well digested gives strength.
If you cannot digest all you eat, you
need Kodol Dyspepsia Cure. It digests
what you eat. You need not diet yourself.
It will even digest all classes of food in
a bottle. No other preparation will do
this. It instantly relieves and quickly
cures all stomach troubles. Gus Saur,

Cured of Chronic Diarrhoea After Thirty Years of Suffering.

"I suffered for thirty years with diar-
rhoea and thought I was past being
cured," says John S. Halloway of French
Camp, Miss. "I had spent so much time
and money and suffered so much that I
had given up all hopes of recovery. I
was so feeble from the effects of the
diarrhoea that I could do no kind of
labor, could not even travel, but by ac-
cident I was permitted to find a bottle of
Chamberlain's Colic, Cholera and Diar-
rhoea Remedy, and after taking several
bottles I am entirely cured of that
trouble. I am so pleased with the result
that I am anxious that it be in reach of
all who suffer as I have." For sale by
all druggists.

Chamberlain's Cough Remedy a Great Favor to.

The soothing and healing properties of
this remedy, its pleasant taste and
prompt and permanent cures have made
it a great favorite with people every-
where. It is especially prized by mothers
of small children for colds, croup and
whooping cough, as it always affords
quick relief, and as it contains no opium
or other harmful drug, it may be given
as confidently to a baby as to an adult.
For sale by all druggists.

Why Manizgos Is Feverish.

Santiago de Cuba, Sept. 28.—Thanks to
the efforts of Colonel Samuel M. White-
side, the commander of the department
of Santiago, and Puerto Principe, and
the other officers in charge, no case of
yellow fever has been reported here

since December. One hundred miles of
streets are swept daily and provisions and
infected houses have been three times
disinfected. A house-to-house inspection
is made by the surgeons and thousands
of gallons of carbolic acid and tons of
chloride of lime have been used.

TO ASIA AND OCEANIA

Exports Show a Relative Increase, the
War Being Considered.

Washington, Sept. 28.—August exports
to Asia and Oceania show a falling off
of nearly \$1,000,000 as compared with Au-
gust of last year. There are two reasons
for this: First, the war in China; second,
the refusal of exporters on the Pacific
coast to furnish statements of the value
of their exports to the Hawaiian Islands,
which they claim are no longer foreign
territory and that therefore the bureau
of statistics has no authority to require
a statement of the quantity and value of
merchandise passing between those
islands and the United States. The re-
duction in exports to China is from
\$1,352,205 in August, 1899, to \$126,359 in Au-
gust, 1900, due, of course, to the exist-
ence of hostilities in that country. The
apparent reduction in exports to Hawaii
is from \$1,287,431 in August, 1899, to nothing
in 1900, though it is probable that if
the facts were known the exports to the
Hawaiian Islands in August, 1900, would
show a much larger sum than in August,
1899.

Notwithstanding these adverse condi-
tions, one of which is real and the other
apparent, our exports to Asia and Oce-
ania will show during the eight months
ending with August an increase of more
than 20 per cent over those of the cor-
responding months of last year, as
against an increase of 9 per cent in our
exports to the South American countries
and 14 per cent in our exports to Europe.
In no other part of the world do Amer-
ican exports show as rapid an increase
as in Asia and Oceania. To Japan our
exports during the eight months ending
with August amount to more than \$21-
000,000, as against \$19,000,000 in the cor-
responding months of last year; to China
our exports in the seven months ending
with July, up to which time the distur-
bances had not seriously affected the ex-
ports, showed an increase over the cor-
responding months of 1899 and 1900; to
Hong Kong, our exports for the eight
months amount to nearly \$1,000,000, as
against a trifle more than \$500,000 in the
corresponding months of last year, and
to the Philippines, our total exports
for the eight months amount to \$1,336,000,
against \$91,526 in the corresponding
months of last year.

Conrad, Neb., Sept. 27.—The jewelry

store of R. S. Thornton was entered by
burglars last night. They blew up the
safe and secured jewelry and cash of the
value of \$2,000. The postoffice is in the
store and part of the money is govern-
ment bonds.

He Owe's His Life to the Forethought of a Companion.

While on a camping trip in Webster county, Mr. S. I. Stump of Normantown, W. Va., had a severe attack of bloody flux. He says: "I firmly believe that I owe my life to the forethought of one of the company who had taken along a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy." Moral—Procure a bottle of this remedy before leaving home. It cannot be obtained when on a hunting, fishing or prospecting trip. Neither can it be obtained while on board the cars or steamship, and at such times and places it is most likely to be needed. The safe way is to have it with you. Thousands of travelers never leave home on a journey without it. For sale by all druggists.
